My Sister, My Friend I have loved you for a lifetime. You always treated me as one of your very own. You took care of me when life was tuff and you straighten me out when life got ruff. I can't even remember when you weren't there. I'm know you are free now and I'm so happy for you. I can still hear your voice and see your beautiful smile. You will be in my heart until I see you again and we can laugh together. Thanks for being you.

To my friend! I'll always have a place in my heart for an angel of God, cause that what you will always be! No one can never forget a true friend, person, sister, mother and grandmother! You were always helping anyone that needed helping forgetting about yourself! Covid kept was apart so we didn't get to see each other in the end, but my heart and feelings were with you and the family! Even now it's still hard to sit down and remember all the good times we spared together! I've lost two of my closest friends in threes months right behind each other! Now I have two Angels 🙏 to watch over me and talk to! Rest In Peace! Until we meet again! 💕💕🙏
