“ *What can I say about my friend Bett Ann(Razy). I met Betty Ann when her family moved 3 doors from mine, it didn't take long at 10 years to become Best friends then as we told people we were Cousins. Our moms became my Aunt Dot & her Aunt Margaret. Her Aunt, Mommy Irene kept us busy. I became Auntie to her daughter when she was born and went to visit her in Calif and Arizona and she would come to stay with me in DC. We always promised to stay in touch, which we did over 60 plus years until she passed. We Always talked about our medical problems but thankful we were still here. Rest now dear Cousin, you'll truly be missed. Unil I see you again. Fannie Jo (Wynn) Tate*

My deepest condolences to the entire family. I've known the family since an early age. My father and her father and grandfather were cousins.
