“ *Denise where do I start. I am lost for words. You and I have been friends since I met you and we instantly clicked. You loved my children like they were your own. My daughter would only want you to watch her when she was a baby. You were always there when I needed you in 2012. I just want your family to know how amazing you were. I am so very sorry for baby girl too. May God be with your family through this difficult time.*
