“ I don't want tomorrow to come... april 1st last year was when I found out I was pregnant with you I was praying God sent me a girl.. I had no idea he was going to give you to me and then take you away.. but I didn't question him although I felt like it but I knew the reason and that was for my faith and belief to get stronger and I gueaa that was the only way to gwt my attention. .. but don't worry baby girl mommy doing her best to do right ao we can meet again.. love you... kisses

“ I'm sorry for your loss and at the same time want to say congratulations on your beautiful daughter! There is so much hurt in your heart at a time like this that you cannot physically have your daughter here with you on Earth but best believe, you already gave her so much love while she was in your tummy and she is now in such a beautiful place awaiting the day you will meet again. I pray you feel comfort and love during this time and I'll be thinking of you and your precious daughter!

“ Hey lil cousin, sorry I missed you, but now you are in a better place. As you already know God had something better for you cuz your love was too much for this world to handle. You are with him now and he is gonna show you how to project your strength and love to your mother and show her that you were given and taken to build her up, not to take her down. Love you lil cuz sing a song for us all.
