“ When I first came to JRMC John took care of me. I was dealing with migraines and medications and he watched out for me. It was like he understood. He was there then and was ever since. He was there for us all in the OR. Thank you God for lending him to us the time You did. I know he'll be spoken of fondly and truly missed.

“ *To the family and friends of John Jones, I share your grief. I have known and worked with John for over twenty years. He had knowledge of the entire Operating Room and a resource of information for co workers. He made himself available and would give the shirt off of his bag. RIP my friend.*
