“ To the family: Meditate on the good times and try to think about all the ways she would try to encourage us all to go out into the world and "Be Somebody" she'd always say. And as brother Mane used to sing... i'll always love my momma:). You only get one ain't nothing but the truth! Lord help us to remember all the good she did in the world. Daddy always saying....Julia Mae Loved her children and there's nothing in the world that she wouldn't have done for either one of us...his words really touched me coz I knew he wasn't lying about that.

“ Momma used to always love hearing me sing. She planted the idea in my head when I was just a little girl. We shared so many happy times sitting around the dining room table at home singing, laughing and telling jokes. I always loved hearing her sing as well. Momma taught me how to enjoy the simple things like planting and growing vegetables. Anytime I see a garden, I always think of her and the excited look she used to have:). Not only could she sing and grow a mean garden but she could cook her butt off:). Mom had a lot of gifts but her main gift was the gift of hospitality. She knew just how to make strangers feel like they were somebody special. She was a one in a million sort of woman. We shared a lot of happy moments once I had grown up and returned home on o ccassions.

“ *My thoughts and prayers are with her family during this time of loss. Ms. Boyd was always a joy when she came into the office at JenCare. I pray that the Heavenly Father wraps them in the comfort of his arms and brings them peace.* ”
