“ *No words can convey the heartfelt sorrow experienced when we heard of your family's loss. I hope you and your family can gain some comfort just from knowing that we are all thinking of you and the pain all of you must be going through at this sad time. It is good to know that your family is close and will all pull together. We are pulling with you.*

“ *“Jesus is he with you? I wonder every day I sit and wonder why he's gone And why he could not stay
Every part of me is empty I feel I can't go on But then I look to heaven I hear this beautiful song
Mommy I am with him He holds me in his arms When ever I am with him he keeps me safe and warm
He says you shouldn't worry I am safe and loved right here With all the other baby angels that passed within the years
We have a special place up here He thought that you should know Where the Blessed Mother takes your place for now until you show
When I hear this precious little voice From the heavens above I know that all the angels are showering him with love
For everyone that wants to hear their babies voice so innocent and sweet Just close your eyes and begin to pray and embrace them in your sleep.
To the Jones family, may the love and support of family and friends help you through this time. You are in our prayers.*”
