“ My cousin!!! Where should I start, I am hurting right now. I am hurting that I did not get the opportunity to spend your last days with you and most of the missing gaps in life we miss together.💔💔 I remember all the fun times and crazy laugh we had together when we did see each other. You were such a fun-loving easy going person. My fondest memories was when we were young and growing up together you use to beat me up at times to teach me to be tough ...lol...I appreciate you for that and you always tried to protect me when you was around...its crazy how we are just cousin but look like bro and sis...the last time I seen you 2 weeks ago for the first time in a while and you said you are back in new York to live. I was so excited..I just knew we had some time to spend together😭😭 I'm going to miss you my crazy cousin Rayshon Lee❤️❤️ Rest in Paradise
