“ Mom, We love you and we miss you. It seems like the world is not turning now that you are not in the rotation. I know you are in a better place where all hope they will end up and thats with God. I know you are ok and probably looking down laughing at us run crazy, act a "fool" and even stress the things in life that you overcame and never let get you down. I am really having a hard time grasping the fact that I cant just call you but i will represent you, the way that you raise your two boys, as a Man.

We Love You.

Goodbye
