“ *I am saddened to hear about the passing of our friend and colleague, "Rudy." He was a pioneer at Morehouse School of Medicine and a friend and mentor to hundreds. His style was always positive and pushing forward until he achieved his goals.*

I would not be a faculty member at MSM without Rudy's personal mentorship. I will miss him.

DL

Well Dr. Jackson you have gone ahead and left many of us including me (That New York Woman) here in this land. You were truly one of a kind Dr. Jackson. I would not say good-bye or sleep well; because, you never liked to say those words. You, Dr. Jackson became my supervisor on May, 1990, what you taught me in 30 days I will never ever forget. You were also a dedicated Morehouse School of Medicine pioneer and a mentor to so many of us. Dr. Jackson you were an advocate and a researcher for HIV/AIDS and a faculty member who mentored so many of us to become faculty as well. I will miss you and your dedication.
