“ Growing up, I didn’t have my biological father by my side. However, my uncle Stephen stepped up and filled that role in the most incredible way. He’s shown me care, love, and support—things I will never forget and will always be grateful for. He became my father figure and someone I deeply look up to. Whenever I needed help with my math or English homework, he was always there, making sure I did my best and earned good grades. Always spoiled me rotten with gifts and things that I always would want every single time. Never failed to make me happy. He has made it all the way through so many challenges but now I pray that you’re resting well and in peace. Without him, I wouldn’t be where I am today. I’m forever thankful and blessed for everything you’ve done—for your effort, kindness, generosity, and most of all, for allowing me to call you “Dad.”
